DETAILED ACTION

Election/Restrictions

1. Claims 1-60, 66-79, 85-96 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 1/12/05.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 61-65 and 80-84 are rejected under 35 U.S.C. 102(e) as being anticipated by Yoo (U.S. Patent No. 6,343,090).

Regarding claims 61-65 and 80-84, it appears that Yoo teaches the VCSEL of the claimed invention as well as the claimed method for fabricating the VCSEL.
